## Front-End Developer

Passionate and detail-oriented Front-End Developer with a strong foundation in JavaScript and React. Experienced in building responsive, user-friendly web applications. Committed to continuous learning and applying modern technologies to enhance digital experiences.

## TECHNICAL SKILLS

JavaScript • React • Jest • Git & GitHub • Postman • RESTful APIs

## TECHNICAL PROJECTS

### FlexiPay - [Live Link](#)

Developed a digital wallet web application that enables users to send, receive, and track finances. The platform supports instant domestic and international transfers for both individuals and businesses, offering a smooth and secure user experience.

### Grooming Lounge - [Live Link](#)

Designed a web app for booking premium barber, salon, and spa services. Implemented features like personalized recommendations and user account management, resulting in a seamless and modern grooming experience.

## EXPERIENCE

### Nyabasi Fresh Foods Market – Mini Wholesale/Retail Grocery Store

Salesperson & Distribution Assistant | Website Developer

Machakos, Kenya  
June/2023 - Present

- Designed and launched a custom website and sales tracking system, improving transparency and aligning stock with real-time sales.
- Streamlined daily operations by proactively resolving logistical and sales-related challenges.
- Delivered exceptional customer service, contributing to increased customer retention.
- Managed sales transactions and maintained accurate daily records, contributing to the store's profitability and smooth operation.
- Build strong relationships with customers and suppliers, enhancing interpersonal and communication skills for better business collaboration.
